DISCLAIMERS:
 This map was produced as a joint effort between the Montana Department of Fish, Wildlife, and Parks (MFWP) and the Montana Natural Resource Information System (NRIS) of the State of Montana. It is intended to be used by the MFWP, other state agencies, local governments, USBLM and private enterprises, who work together to cooperatively manage Montana's natural resources, to develop accurate land ownership maps. In the State's interest, the MFWP and NRIS have agreed to use the MFWP's MT Natural Heritage Program land stewardship data collection. Most of this data was originally digitized by the Bureau of Land Management (BLM) and the U.S. Forest Service (USFS) using various methods and data sources. These data were then converted into digital formats for use in the MT Natural Resource Information System. The MT Natural Resource Information System is a state-of-the-art Geographic Information System (GIS) that integrates data from numerous state and federal agencies, private companies, and individuals. The MT Natural Resource Information System is a dynamic system that is constantly being updated and improved. The MFWP and NRIS are responsible for maintaining the data and ensuring its accuracy and completeness. The MFWP and NRIS are not responsible for any damages incurred as a result of errors or omissions displayed here. The ownership boundaries displayed on this map are not based on land survey data and are not subject to survey surveys. This map displays public and private land ownership information derived from several sources and is intended to be corrected and updated.
